

How To Create A Logo Using LogoEase.com

Creating a logo for your business is essential to help build your brand and ensure customers recognize you.

Step 1: Sign Up

Go to logoease.com and click on "Sign Up" to register.

Step 2: Registration

Fill in your Name, a Login ID, a Password and your Email and click the "submit" button.

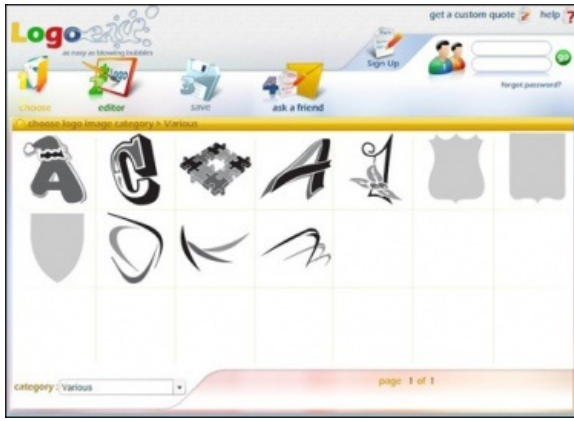

Step 3: Select Your Design

Click on "start your logo" to start designing your logo.

Step 4: Add Text to Your New Logo

Select the design category that you want for your new logo. I've chosen "various" as the theme for my new logo, but be sure and look through all the choices to see what is available.

Step 5: Add Color

Click on the new design of your choice to begin customizing your new logo.

Step 6: Resize Your Logo

Type in the name of your business or anything you want for each line of text in the right side panel.

Step 7: Save Your Logo

Click on the individual parts of your logo that you wish to color including the text and then select the color by clicking "color" in the bottom right of the screen.

Step 8: Finish Downloading Your Logo

Click on your logo and then click on the "scale" arrows on the right to increase or decrease the size of your logo or text.
